Background Information

Please explain how your community activities and other relevant experience/interests are applicable to this board or commission.

My experience and interest are applicable to this commission through the following: high knowledge of assisting individuals with disabilities to secure, enter and maintain employment, passion for promoting the lives of others, genuine desire to increase awareness and collaborate with others to actively fulfill the requirements of this board. I have worked passionately with Goodwill Industries of Northern Arizona as an employment specialist for 4.5 years. My role as an employment specialist requires a high level of expertise in strengthening and improving the lives of individuals with disabilities through expanding employment opportunities and addressing barriers in the workplace. Additionally, I work with employers to promote disability awareness in the workplace, discuss ADA (Americans with Disabilities) rights and work accommodations to ensure on the job success. Through my personal life experiences I have developed a lifelong passion for changing lives including individuals with disabilities. Being a member of the Navajo Nation and working through many barriers including alcoholism, domestic violence, high unemployment, poverty and minimal access to services for individuals with disabilities has sparked a lifelong passion to possess a solution focused attitude to changing lives through knowledge, awareness and advocacy. As a member of this commission I will collaborate with others, focus on creating more opportunities in employment and provide ongoing feedback and solutions to barriers that individuals with disabilities face including employment, access to programs, housing and other important initiatives.

Why do you want to serve on the board or commission you listed?

I desire to serve on this commission so I may collaborate with others from the Flagstaff community to creatively and innovatively increase the knowledge of individuals with disabilities, expand educational opportunities, participate in expanding employment; and strengthen rehabilitation programs. While serving on the board, I will bind my professional and personal experience to change lives through my service and creating awareness. I have seen this commission impact the Flagstaff community and want to be a part of the 'movement'. It has become my goal to help

others overcome barriers by identifying proactive solutions, establishing goals and an active plan to address each situation. Again, I wish to serve on this board to continue to strengthen the goals of the commission, to offer feedback and solutions to barriers, and to be an advocate for those in the Flagstaff community and beyond. By submitting this electronic form, I acknowledge that any information provided above is a public record, and I certify that I meet the City Charter requirement of living within the Flagstaff City limits and have read and understand the right to have my application considered in a public meeting.

Background Information

Please explain how your community activities and other relevant experience/interests are applicable to this board or commission.

I am a City of Flagstaff resident. I am an active volunteer in community safety. I have dedicated my life to assisting others and striving to make our community a better place. I am a state & Federal certificated instructor and have authored two books; one on Public Safety and another on Handicap safety and I actively teach others.

Why do you want to serve on the board or commission you listed?

As a mobility impaired person, I have developed a keen insight into handicap and disability related issues and concerns. I want to help make a positive difference and serve on the Disability Awareness Commission to further my service to the community. I sincerely believe that I would be a ideal candidate for this position and would serve the City of Flagstaff to the best of my ability.

By submitting this electronic form, I acknowledge that any information provided above is public information, and I certify that I meet the City Charter requirement of living within the Flagstaff City limits and have read and understand the right to have my application considered in a public meeting.

Background Information

Please explain how your community activities and other relevant experience/Interests are applicable to this board or commission.

I am actively involved in the Diabetes Support Group via FMC; I assist with programs and speakers (I have type II) and was featured in Diabetes Together published by FMC and other organizations. I attend the diabetes support group meetings at North Country. I am on the Board of the MS Support Group and an active member, as I have MS. I attend the AZ Spinal Cord Injury support group and seminars since my MS lesions are in my spine. I also contribute to Second Chance in the form of craft items, presents & decorations for them to receive donations from the public buying my crafts. It is PT for my MS hands and good for the animals! Thus, if you include asthma I've had all my life, I have the 'trifecta' of chronic illnesses. I have had to learn to deal with all three diseases - a difficult balance indeed.

Why do you want to serve on the board or commission you listed?

Although my JD is in California law, I was not able to take the 3 day Bar exam once the MS hit me 2010. But I do have a legal background which provide a unique view into the disabled world, both from being disabled due to the MS and a legal perspective. I have actively involved myself into several groups as listed above, trying to assist the community the best that I can. I think having MS and diabetes as my daily challenges qualify me to assist the Flagstaff community even further and I think Jim Tuck would vouge for that. I am permanently disabled and thus have the time to commit to assisting however I can.
